SHENGRUN COMPANY

COMPANY BRIEF INTRODUCTION

Shengrun Company covers an area of 530 acres, two major production areas of east and west, total assets of 460 million yuan, more than 1,300 employees, including more than 260 professional operation and technical personnel. Founded in 1982, it is the first trailer manufacturing company in Liangshan, and constantly innovates and upgrades its products. At present, it is one of the most complete manufacturers of semi-trailer products in China.

The leading products of Shengrun are: LNG cryogenic liquid transport semi-trailer, LPG liquefied gas transport semi-trailer, flammable liquid tank transport semi-trailer, aluminum alloy flammable liquid tank transport semi-trailer, aluminum alloy oil semi-trailer, tank type Containers, powder materials transport semi-trailers, ordinary semi-trailer transport vehicles, etc. Shengrun has an annual production capacity of more than 20,000 vehicles. At present, more than 100 product models have been announced by the Ministry of Industry and Information Technology, which meets national standards and has reached the international leading level.

The company has domestic and international advanced CNC cutting machine, German stainless steel plasma welding machine, French aluminum alloy TIG plate welding machine, gantry type automatic longitudinal seam welding machine, shaped tank ring seam welding machine, W11-10x9.5 m large CNC Bending machine, canning machine, MIG welding machine, automatic welding and turning machine for tank, large CNC bending machine, shearing machine, large shot blasting machine, 21m large spray paint booth, Swiss four wheel aligner, 3.5X3.5X15m automatic heat treatment furnace, LNG dust-free winding room, helium mass spectrometer leak detector, molecular pump rotary vane pump high vacuum precision pumping unit, Roots pump roughing unit, X-ray, ultrasonic flaw detector, universal testing machine, impact testing machine, impact specimen notch double-knife electric broaching machine, welding laboratory, physical and chemical laboratory, non-destructive testing room, etc., with domestic and international advanced production lines and modern tooling and inspection and testing equipment more than 1000 sets, thus ensuring quality products quality.

The company has passed ISO9001:2008 quality management system certification, 3C product certification, national safety production standardization secondary enterprise, has obtained A2 fixed pressure vessel (low temperature storage tank), C2 automobile tanker (low temperature), C3 tank container pressure vessel Production license, American Society of Mechanical Engineers ASME qualification certification, European ADR vehicle certification, China Classification Society tank container production approval certificate, national dangerous goods packaging, container production license, measurement management system certification, rated by the state as high-tech enterprise. And obtained more than 60 national patents.
